Hi,
Thank you for participating in HiddenRamp's web development contest.

Your assignment will be to design and develop an event management website which includes the following webpages:

Homepage that includes introduction about HiddenRamp with the below options (You can show these 6 options either as different tabs at the top, as a list on the website or in a top menu bar) :

- A. Online Events
- B. Offline Events
- C. Past & Upcoming events
- D. Testimonials
- E. Guest speakers
- F. Contact us

1. Online: Includes online webinars, live seminars and video conferences.
2. Offline: Offline mode means E-Summits, Workshops, Talent events (music, dance, etc) or Conferences that take place in colleges /university / lecture halls.
Text + Image can be used to explain.
- 3) Upcoming and Recent events to get glimpse of the past events and the future events (Not necessarily HiddenRamp's past events but any workshop, technology conference, summit or talent events).
- 4) Testimonials: Single page to include what people say.
- 5) Guest speakers: To include 6 pictures and profile description of speakers or guests coming for the event.
- 6) Contact us to include email id and phone number..

Markings will be done on the basis of below points:

1. Design and responsiveness - 25 points
2. UX and animations - 25 points
3. Performance - 25 points
4. Innovation - 25 points

Content can be represented in text, image, animations, etc.

Note: Judgement will not be made on the quality of text and images used, however relevancy will be considered.

You have 24 hours to make this assignment and submit the link on our website:

https://www.hiddenramp.com/contest_webdesign

Winners design will be used by us for minimum next 6 months across the country in our events at IIT's and top universities with their copyright.

Winners will also get a chance to attend our events for free for another 6 months.

Please reply on this email if you have any doubts.

You can also call on: +91 88104 02864 for any queries.

Good Luck,

Team HiddenRamp!
